2019 New York City Science and Engineering Fair - COMPLETE PARTICIPANT LIST

The New York City Science and Engineering Fair (NYCSEF), sponsored by the New York City Department of Education (NYCDOE) and the City University of New York (CUNY) / Office of Academic Affairs, is the city's largest high school research competition. More than 700 students from around the city submitted applications to the 2019 NYCSEF for a chance to compete for a variety of cash and prizes including an all-expense trip to Phoenix, AZ representing New York City at the Intel International Science and Engineering Fair (ISEF). This year's Preliminary Round was held on Sunday, March 3, 2019 at The City College of New York (Manhattan). The top 20 - 25 percent of student researchers from each subject category were selected to participate in the Finals Round on Tuesday, March 19, 2019 at the American Museum of Natural History. The names of all of this year's participants are listed below. Congratulations to all of this year's participants and award recipients.
